A neighboring resident, NON-RESPONSIVE reported to the Hazel Park Fire Department that about 20 bags marked as containing DDT were piled in the backyard of the house at NON-RESPONSIVE. The total amount of pesticide involved was less than 100 pounds. Some of the bags were reportedly torn and leaking. A complaint was forwarded to the EPA office on Grosse Ile, and they forwarded the complaint to MDNR. County health officials indicated that the bags had been removed from the site.

~~The remedial action taken at this site involved removal of the pesticide and disposal at a Wayne Disposal facility, based on information gathered from EPA Region V files in Chicago.~~
